Disruptive change

An aerial night view of a city roundabout. The roundabout has a central emblem, possibly a university or institutional seal, surrounded by a circular road. The surrounding area includes several multi-story buildings, some with lit windows, and parking lots with cars. The scene is illuminated by streetlights, creating a mix of yellow and blue tones. The overall atmosphere is that of a modern urban environment at night.

But this world is chaotic as it appears

中华人民共和国第十四届全国人民代表大会第三次会议

China Two Sessions 2025

Basically realize socialist modernization by 2035: ▶

China's per capita GDP will reach that of a medium-level developed country

Our country will be one of the most innovative nations in the world

We will have basically completed new industrialization, informatization

We will have basically achieved the goal of building a Beautiful China

20th CPC NATIONAL CONGRESS

A GLIMPSE OF CHINA IN 2035

Xi Jinping said in a report at the opening session of the 20th CPC National Congress:

The CPC aims to basically realize socialist modernization from 2020 through 2035, and build China into a great modern socialist country that is prosperous, strong, democratic, culturally advanced, harmonious, and beautiful from 2035 through the middle of this century.

We will have basically completed urbanization

We will have basically completed agricultural modernization

We will be a law-based country, government, and society

Our nation will have first-class education

Our nation will have a high-caliber workforce

Our people will lead even better lives

Our nation will have high standards of health

Our nation will have sporting excellence

Our nation will have a thriving culture
